

Dear Patients,

I am writing to inform you that I will be leaving my practice in Saskatchewan province and Sure Health Clinic as of May 31, 2025. This decision was made after considerable thought, especially as I have greatly enjoyed my time at this clinic.

Please rest assured that your medical records will remain safe and securely stored at Sure Health Clinic. However, if needed, they can be transferred to another doctor or clinic of your choice upon your request.

It has been a privilege to be a part of your healthcare journey, and I wish you continued health and prosperity.

Warm regards,

Parisa Gharaei
